DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-22 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

3. Claims 1, 9 and 17 recite the limitation "the other" in lines 5, 10; 7, 12 and 14, 19, respectively. There is insufficient antecedent basis for this limitation in the claim. The use of the term "the other" makes it impossible to discern the structural relationship of the parts of the invention. It is unclear if the second "the other" in the claim is directed to the same "the other" as first claimed or if "the other" is the other end than previously claimed.

4. Claim 9 recites the limitation "said means" in line 5. There is insufficient antecedent basis for this limitation in the claim.

Claim Rejections - 35 USC § 102

5. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

6. Claims 1-22 as best understood are rejected under 35 U.S.C. 102(b) as being anticipated by Driscoll, US Patent 2,859,732.

Driscoll discloses the invention as best understood. Driscoll discloses *inter alia* a primary collar section (14), a secondary collar section (26) and a means for reversibly connection (30) having a reversible fastener.

Conclusion

7. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Halla (US 4,924,815), Herbert (US 3,872,833), Sullivan (US 2,743,702).
